Dear Tom,

On behalf of future patients and families that cannot do so personally, I would like to thank you for the recent donation of £1,171.05 given in loving memory of your father Thomas Sharp. Please accept my sincere condolences and also my grateful thanks for supporting Saint Francis Hospice in his memory.

We have also received a donation from T Bridger and C Clark taking the total amount donated in your fathers' name, to date, to a wonderful £1,201.05. This amount could cover almost 24 hours of specialist nursing care within a patient's own home so it really will make a difference.

The hospice is privileged to be able to provide specialist care to local people who need our help and and I hope that you will welcome communication from us from time to time but if you have specific mailing preferences, please feel free to contact me; it is very important that we communicate in a way that you would wish us to and only include information that you are happy to receive.

We are extremely grateful to you, your family, friends and customers for your support of the hospice Tom. Please be assured that your donations will be used wisely and efficiently. You have helped to make a difference to the services that we can offer, the number of patients which we can care for and the ability to respond to the changing needs of our community. We cannot thank you enough.

Yours sincerely,

Karen Freeman
